February 3, 2009

Dear Parent/Guardian:

Throughout the school year, our teachers may be taking pictures or video of their students and themselves for various purposes. We periodically take photos of students here at school taking part in school programs and assemblies such as Kindergarten Orientation, Morning Program, etc. These photos may be used on the school district website or sent to the newspapers for publication. The Elementary School also produces its own yearbook with classroom photos, candid photos, and individual photos of sixth grade students. In addition, teachers are required to submit videotapes of a classroom lesson in order to obtain permanent certification from New York State. We feel strongly that these activities promote our school in a positive way and help to make our students feel more positive about their school and themselves.

If you **DO NOT** give consent for your child's image to be used for the purposes mentioned above, please fill out and return the **NON-CONSENT** from below.

Sincerely,

Patrick J. Dailey
Elementary Principal

Please use a separate form for each of your children. Place a check in the appropriate boxes.

I **DO NOT** give consent for photos of my child to be used in the yearbook. _____

I **DO NOT** give consent for my child to be photographed for any reason. _____

Student Name: _____

Parent Signature: _____ Date: _____
