Hoosick Falls, New York 12090

Re: Drinking Water Well Results
District Bus Garage
Perfluorooctanoic Acid (PFOA) Study
Hoosick Falls, Rensselaer County

To Mr. Facin:

In January we collected a water sample from your bus facility as part of the Hoosick Falls Perfluorooctanoic Acid (PFOA) groundwater study that you by now are well aware of. The NYSDOH's Wadsworth Center analyzed your water sample for PFOA and a copy of your laboratory report is enclosed along with a laboratory explanation sheet.

As we previously communicated with you, PFOA was detected in the bus garage water sample at 412 parts per trillion. If you have questions about the sampling, or if you would like to discuss your results further, please contact me at (518) 408-5407.

Sincerely,

Timothy Vickerson, PE
Public Health Engineer 2
NYSDOH Capital Region
